HERE'S WHAT OUR CUSTOMERS SAY

It was a joyful moment when the Filmworkz tools came to Mistika and Resolve!

REINOUT DE GEEST
FREELANCE

The Filmworkz tools fill a gap in the requirement for restoration tools. At the moment when people are colour-grading, there's a need to fix dead pixels, sharpen the picture, take noise out of the picture, and things like that. Filmworkz tools actually perform this fantastically.
